music: Rickard Verner Hultgren

Lyrics:
Fee-lings a-bout what? Why? Threats, flouts. Far ways. con-firm. Com-pare, slice, no 'what ifs'. Pro-mi-ses cause fee-lings to which you respond.

COMMENTS

Imagine an interaction with another person or a future you. The difference between noradrenaline is time.

1 Promisis cause feelings - are there any feelings? Others decide what I promise.

2 Scan for broken rules and threats - why are there such feelings - ask.

3 Confirm feelings.

4 Compare with your view.

5 Execute by options = framing, closeness/distance=rank, slice and eliminating what ifs.
